Appeal Brief

1. Receipt is acknowledged of the Appeal Brief filed on February 13, 2004.

Finality Withdrawn

2. In careful review of the Appellant's appeal brief, especially the summary of invention and subsequent argument section and prosecution history, the finality of the office action (mailed on May 13, 2003) is withdrawn.

Claim Objections

3. Claim 18 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

Re claim 18, there is no "product" defined in claim 15. Even if the Applicant rephrases the claim "The product of the process of claim 15", the product(s) are already described in claim 15 in claiming the process, and claim 18 would fail to further limit the subject matter of a previous claim.

Appropriate correction is required.

Allowable Subject Matter

4. Claims 8-17, 19-21, and 26-31 are allowed.

Art Unit: 2876

The following is a statement of reasons for the indication of allowable subject matter: the claims are directed at a computer-assisted method for recoding an identity of the purchaser when the purchaser buys an item at retail establishment. As shown in previously cited references, recording sales transaction in a retail setting is generally known in the art. However, the cited references, taken alone or in combination, fails to teach or suggest a particular method wherein the unique identity of the item (not the kind of an item) is associated with the purchaser and recorded in the database as set forth in the claims. The records in the database can also be shared among the retailers.

5 5. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Conclusion

15 I. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Rose (US 6,076,064) discloses a system and the method for associating a purchaser and the products. Applicant is respectfully suggested to carefully review these references.

20 II. Any inquiry concerning this communication or earlier communications from the examiner should be directed to *Ahshik Kim* whose telephone number is (571)272-2393. The examiner can normally be reached between the hours of 6:00AM to 3:00PM Monday thru Friday.

Art Unit: 2876

All Internet e-mail communications will be made of record in the application file. PTO employees do not engage in Internet communications where there exists a possibility that sensitive information could be identified or exchanged unless the record includes a properly signed express waiver of the confidentiality requirements of 35 U.S.C. 122.
